See below thread that was filtered through the City Manager's & Chief's offices.

Any help calls for service permitting would be appreciated.

Thanks,
Danny

Sgt. McGehee,

Will you please arrange for one of your motor officers to reach out to Mrs. Stacy Russom who is having some ongoing issues with with speeders/speed exhibition primarily during daytime hours? It is normally E/B Main through Panther out towards the landfill as well as N/B S/B on Panther.

I relayed to Mrs. Russom that I would be reaching out and putting her in touch with you. My thoughts are maybe a COPPS project, directed enforcement (Traffic & Patrol), speed trailer deployments, and extra patrols (patrol staff). Mrs. Russom is aware of our implementation of the Flock LPR system including some in her area.

Here is the Russom's contact info and I copied Mrs. Russom this email.

I will also ask all patrol WC's to encourage extra patrols when feasible.

Regards,

Danny
